

Smart Switch (Glass) Wifi Setup

Step 1

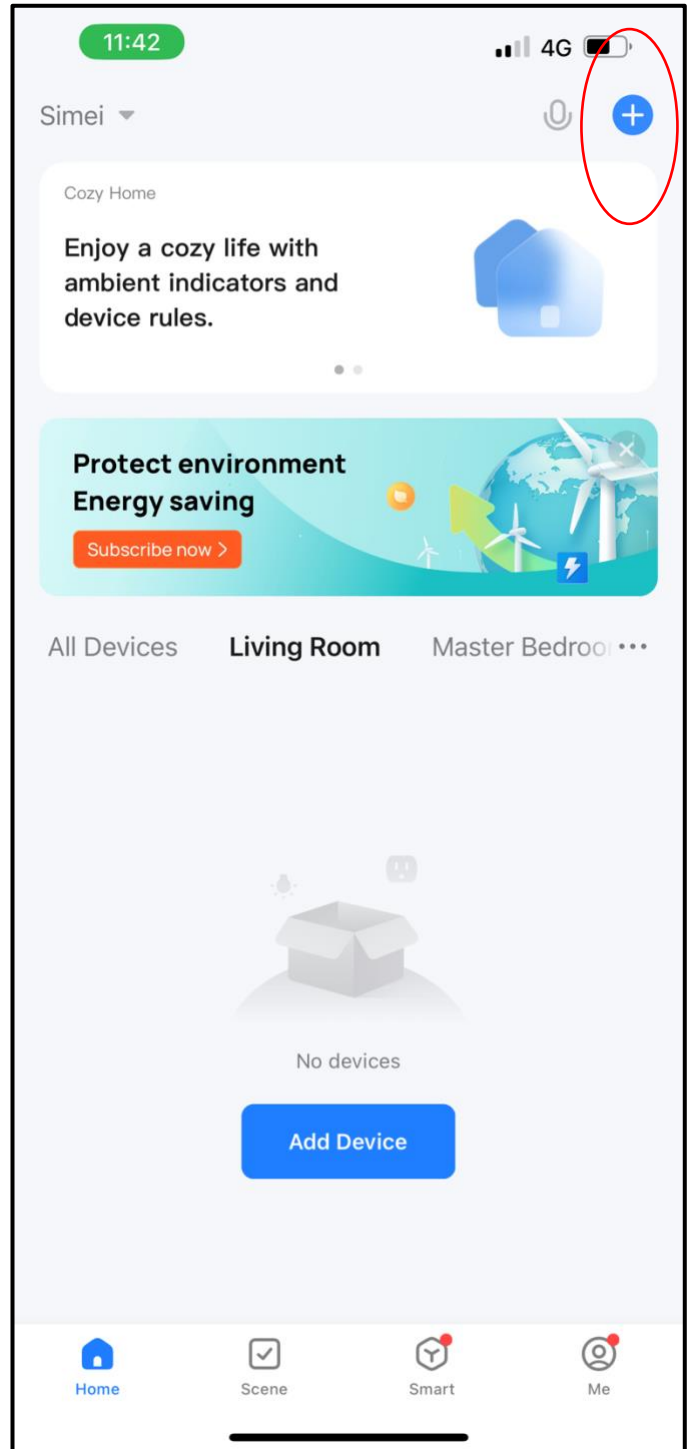

Smart switch wifi logo
blinking rapidly.

Switch is in pairing mode.

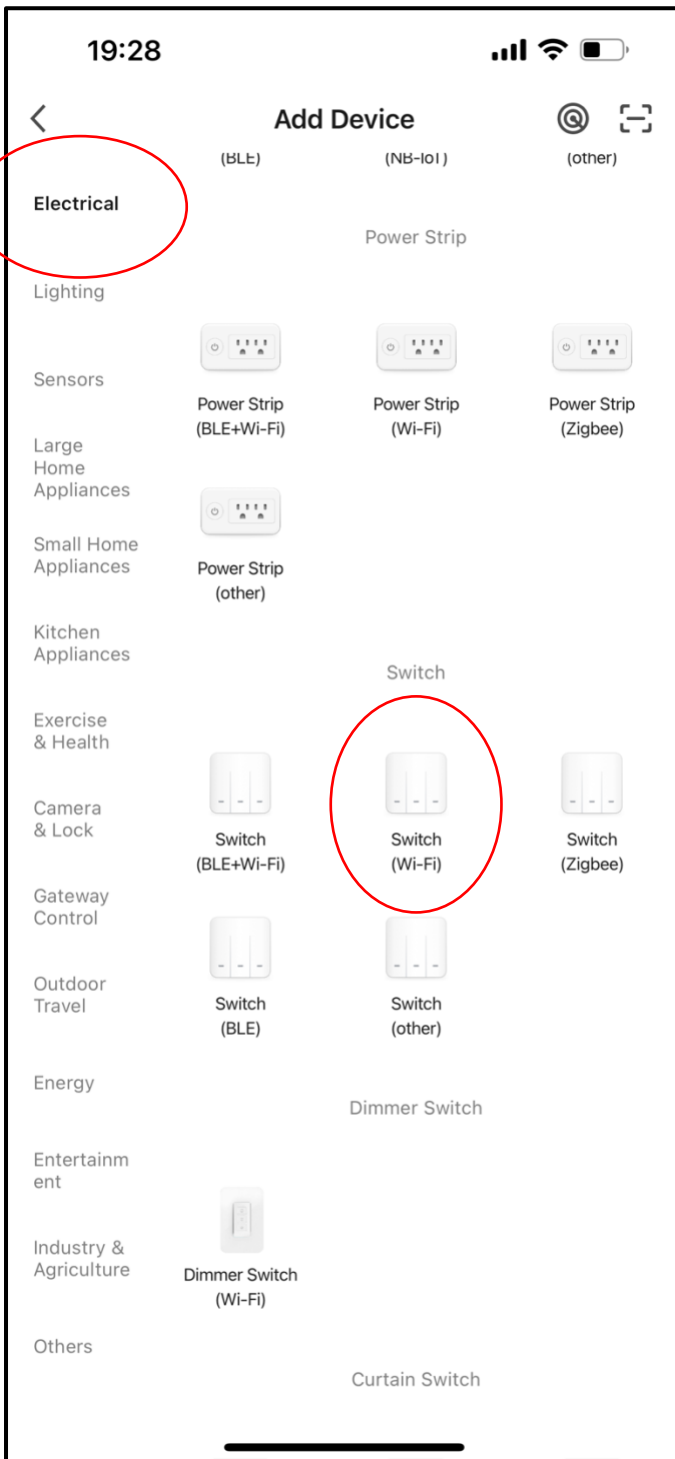

If switch is blinking slowly,
refer to “smart switch reset
video”.

Step 2

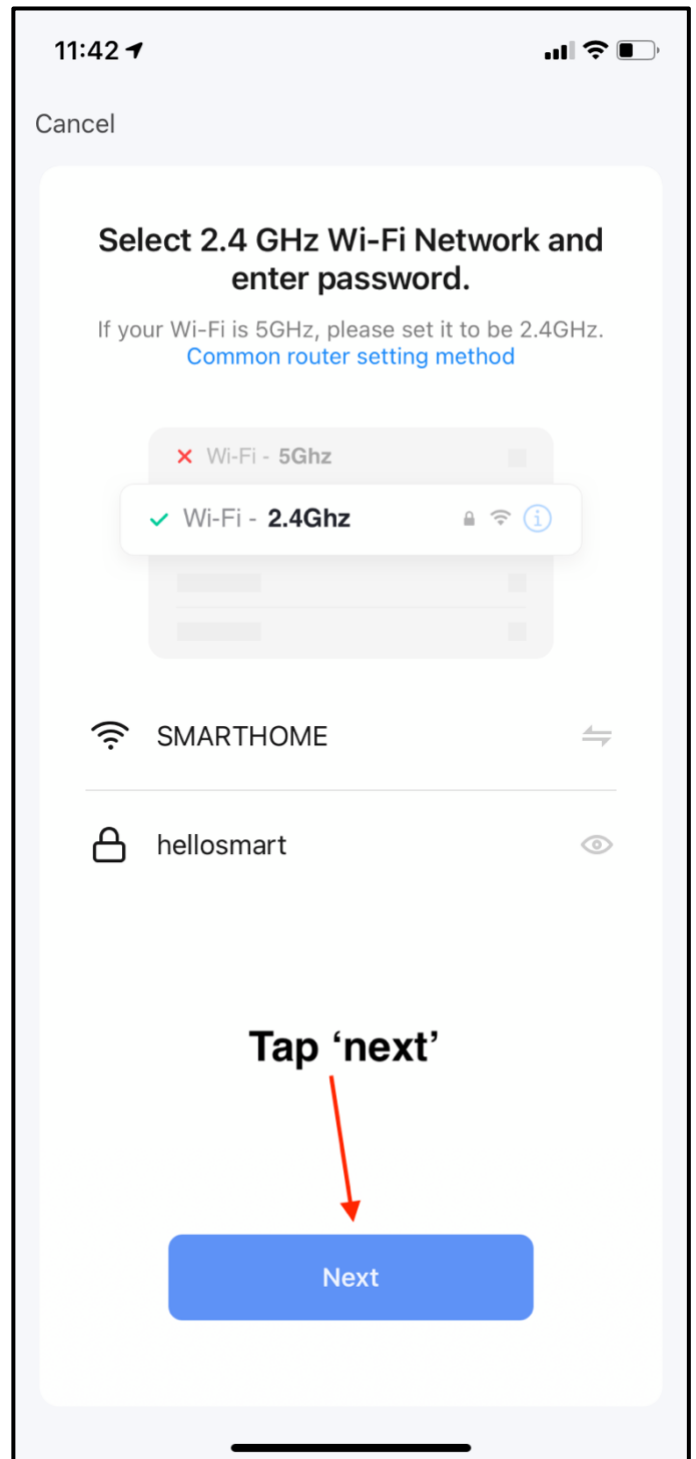

Tap the top right + to add
device.

Step 3

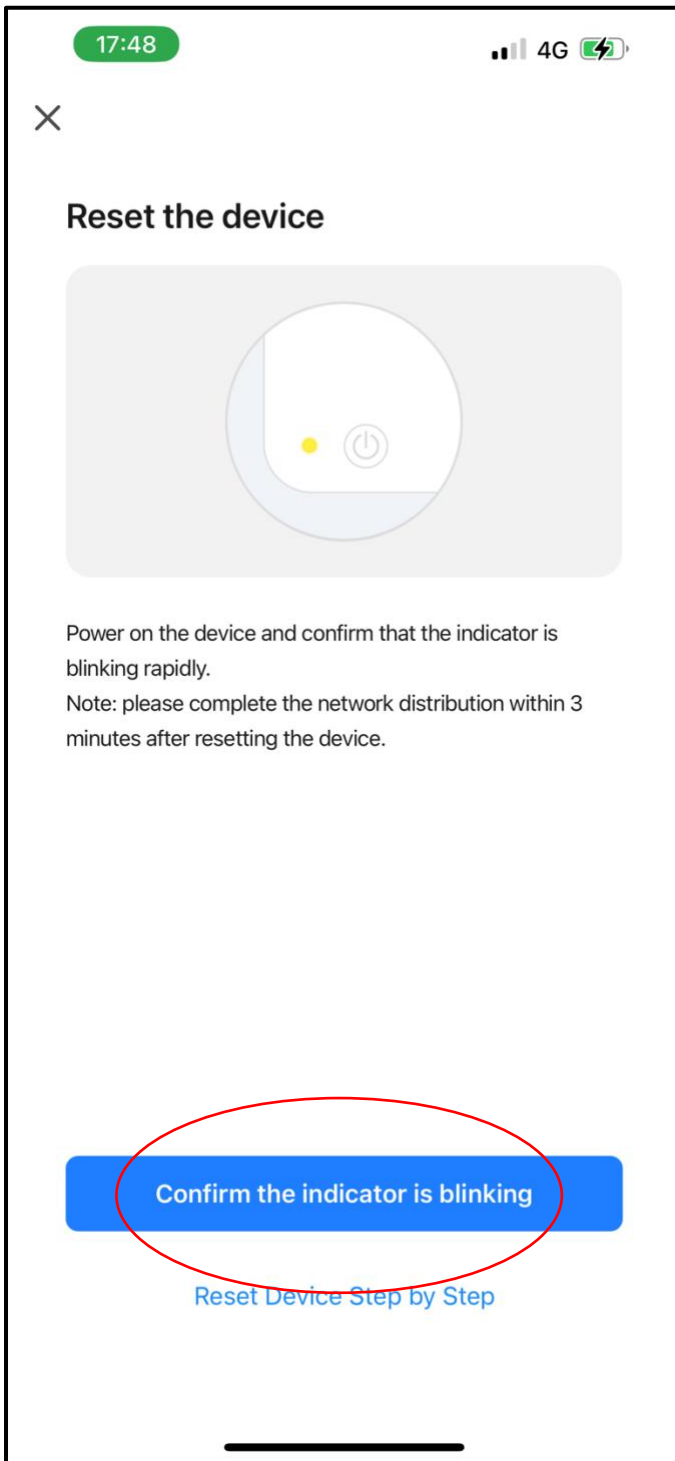

Select the correct item.

Step 4

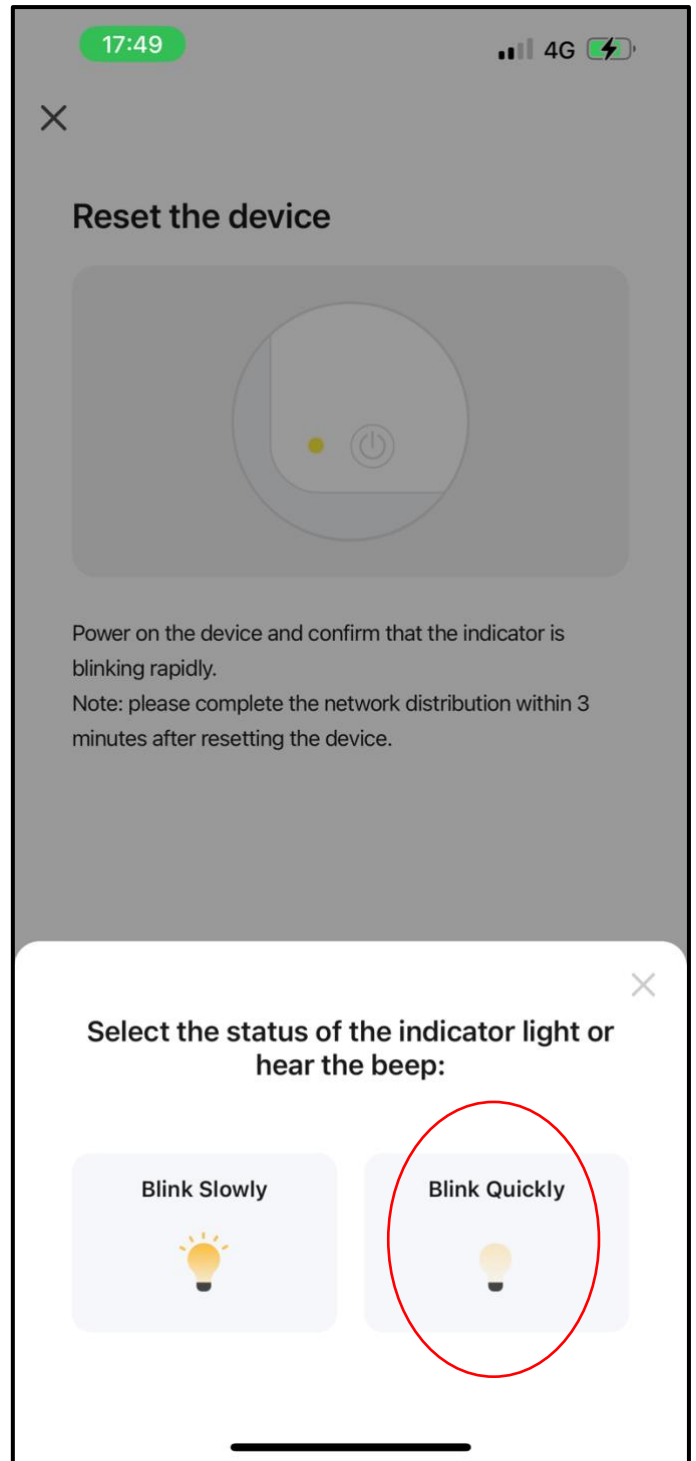

Choose 2.4G network and key in the correct password.

Step 5

Tap the red circled icon.

Step 6

Tap the red circled icon.

Wait for the pairing to be set up.

If pairing is un-successful, please follow step 1 again.
