Explore the Creativity

XIKA con be applied to a wide valey of surface materials, allowing ifinite creativity. With the addition of Suede and Dry Wood new patterns that incorporate the latest trends, more than 1,000 different designs are now available. The new Matte Series utilizes the latest technology available, including Solid Color, with deep, rich colors, Dry Wood, with the appearance of natural wood, and Industrial Texture, with an industrial and an organic feel. The diverse selection of additional unique designs maximizes interior design possibilities and includes Oxidized Metal, which simulates an anodized coating, and Textile, with a delicate woven texture. Experience greater design freedom with XIKA" varchitectural finishes.

Hotel, commercial, hospital, office space, exhibition and other decora-tion and refurbishment projects.

Renovation and renovation projects for yachts, RVs, container houses, trains, etc.

Kitchen cabinets, doors, furniture, closets, walls and other decoration and renovation projects.

Application

XIKA Easy Film is the perfect choice for both commercial and household use! It can be widely used in projects with tight budgets, tight schedules, and frequent renovations; it is odorless, noiseless, and less wasteful during installation, and does not affect daily business and life.
